The Meaning, Motive and Method of Islam: Islam 1, 2, 3

Outwardly, Islam looks complex and incomprehensible, but Islam actually has only three 'essential' teachings - in other words, teachings defined by Islam as essential.

We can easily grasp the basics of Islam by looking at these three 'essential' teachings.

These three main teachings of Islam correspond to: ***the Meaning, the Motive and the Method***...the ***what***, the ***why*** and the ***how*** of Islam.

1 – The Meaning

The first 'essential' teaching of Islam, called 'Monotheism and Prophethood', is the '*what*' or '*meaning*' or premise of Islam. **The meaning of Islam is that Allah sent Mohammed to the Quresh tribe to announce the '*glad tidings*' of their mission to take over the world in the name of monotheism - more**

specifically, to announce that the only god is Allah and that Mohammed is the only messenger.

Mohammed was the founding ruler of Islam's empire and the Qureshi caliphs were his successors. Caliphs are Allah's viceroys and rulers.

Islam's god is pure will, and only Mohammed exemplifies that will perfectly and eternally.

The will of Allah has been decisively delivered by Mohammed in the Koran and hadiths and can never be revised in any way. If you know Mohammed, you know Allah and you know Islam. The perfect will of Allah and the perfect example of Mohammed must be followed slavishly.

Any other course of action will result in earthly punishments and hellfire.

The enslavement of the earth is the *'glad tidings'* from Allah.

Islam means 'submission'. No one is as submitted as a slave. 'Islam' is a euphemism for 'slavery'. Allah's monotheism brings enslavement through Mohammed.

2 – The Motive

The second ‘essential’ teaching is the ‘why’ or motive of Islam. The ‘why’ is so important that it takes 60% of the Koran. The ‘motive’ of Islam inspires Muslims to sacrifice their lives to Allah by imitating Mohammed.

The name of this doctrine is **‘Allegiance and Disavowal’ or ‘Adherence and Disassociation’**. The Arabic name is **‘Al-Walaa wal-Baraa’**.

This second-most important teaching in Islam is also the best-supported doctrine in Islam’s sacred texts. The Koran, Sira and hadiths (which we term ‘The Islamic Trilogy’) are 51% about the *motive* of Islam.

The *‘why’* of Islam is the most solidly demonstrated doctrine in all Islam.

It’s important to understand **‘why’ Muslims are motivated to be slaves of Allah and why they wish to enslave ‘others’**.

The first part of the doctrine, ‘al-Walaa,’ calls on Muslims to be good to each other and to support each other. But this part does not take much space in the Islamic religious texts.

The second part, 'wal-Baraa,' is the great focus, and provides the reason, the why.

The reason given is that Allah hates 'Kafirs', the worst thing that a human can be.

Kafirs are humans who do not worship Allah correctly. Allah hates 'wrong worship' and hates 'wrong worshipers' more than anything. It is the unforgiveable Sin of Sins.

Allah is obsessive-compulsive about correct worship and gives Muslims hundreds of rules for worshiping correctly that must be observed meticulously. When people worship incorrectly, Allah wants to pour boiling water down their throats, behead them, crucify them, rape and enslave their women and children, plunder them, denounce them, betray them, roast them over fires that are hotter than any fire on earth and then give them new skins so they can be roasted daily for eternity.

Finally, Allah wants to mock the Kafirs and remove their 'honor'. Kafirs do not deserve any respect or human rights or the right to exist, all because they do not worship correctly.

Muslims are commissioned by Allah to hunt, capture, enslave, degrade, humiliate, hurt and rule over Kafirs until they become Muslims.

Kafirs who do not become Muslims may be killed at any time if they displease Muslims in any way. Kafirs are the slaves of Muslims. A slave who is not submissive is punished severely in Islam, often with death.

After their death, Allah casts the Kafirs into Islamic hell to be tortured for eternity.

Plainly, the emotional subtext of Islam is sadomasochism: Muslims are the dominants and Kafirs are the submissives. Muslims are masters and Kafirs are slaves. The second 'essential teaching' of Islam is basically a motivation to hate Kafirs 'for the sake of Allah'.

Muslims, who hate Kafirs, are virtuous, practicing Muslims who please Allah. On the other hand, a Muslim who befriends, loves Kafirs or acts like them is considered to have left Islam.

'Adherence and Disassociation' is religiously-based apartheid and is 'essential' for all Muslims. A Muslim should not be a friend of his slaves or a friend of those he is planning to enslave.

But how does this worldwide enslavement take place? Islam's enslavement of Kafirs is achieved using Mohammed's method... jihad ... the '*how*' of Islam.

3 – The Method

The third ‘essential’ teaching of Islam is the ‘*how*’... the *method* Mohammed used to set up political Islam. **Mohammed’s political method for enslaving the earth under discriminatory Sharia law is called ‘Jihad and Hegira’ (in English: ‘Struggle and Migration’).**

The ‘struggle’ of jihad is a political struggle to remove the human rights and civil liberties of Kafirs and women.

Most Kafirs will not give up their rights immediately to Muslims, so Muslims are commanded to fight them using every technique. Muslims fight

- 1) militarily or kinetically
- 2) verbally or propagandistically
- 3) in writing or through legislation
- 4) and financially by paying for jihad or through financial sabotage against the Kafir.

Muslims may use humiliation, mockery, theft, enslavement, betrayal, assassination, rape, torture, crucifixion, plundering, sabotage, broken promises, lies and even feigned friendship to take away the rights, freedoms and independence of Kafirs. All of those are considered jihad.

The other half of jihad is migration (Arabic: hegira). 'Migration' means both moving into Kafir territory or moving out of Kafir territory...whichever is helpful to Islam.

The purpose of migration is to establish strong Islamic communities based on Sharia law from which to conduct jihad against the Kafirs.

Less than 1% of all jihad is kinetic or violent. 99% of jihad is "peaceful" (non-violent), but all jihad is deceitful. All Muslims participate in jihad in one way or another, since all are obligated to conduct jihad. All Muslims conduct jihad through the jihad of the tongue by denying or cloaking the meaning, motive and methods of Islam's unending war against the Kafir.

Summary

In summary, Islam has a meaning, motive and method - a what, why and how.

The 'meaning' of Islam - the what of Islam - is that **Allah sent Mohammed to announce the mission of Mohammed and his followers to take over the world in the name of monotheism, and more specifically, Allah.**

The 'motive' of Islam - the why of Islam - is **hatred and destruction of Kafirs - anyone who does not worship as Allah demands to be worshipped.**

The 'method' of Islam - the how of Islam - is **Jihad and Hegira (in English: Struggle and Migration).**

This is the simple explanation of Islam, its what, why and how.
